VOLUME CONTENTS

Vol. 35 No. 1 July 1993

N. JACOBI / Newcomb's Paradox: A Realist Resolution 1

MARTTI KUOKKANEN / On the Structuralist Constraints in Social Scientific Theorizing 19

LOUIS MARINOFF / Three Pseudo-Paradoxes in 'Quantum' Decision Theory: Apparent Effects of Observation on Probability and Utility 55

BARRY SOPHER and GARY GIGLIOTTI / A Test of Generalized Expected Utility Theory 75

Vol. 35 No. 2 September 1993

DAVID KRAINES and VIVIAN KRAINES / Learning to Cooperate with Pavlov. An Adaptive Strategy for the Iterated Prisoner's Dilemma with Noise 107

GARY MALINAS / Reflective Coherence and Newcomb Problems: A Simple Solution 151

I. D. A. MacINTYRE / Manipulation under Majority Decision-Making When No Majority Suffers and Preferences Are Strict 167

DANIEL BEREND and JØRGEN E. HARMSE / Expert Rule versus Majority Rule under Partial Information 179

Shorter Papers, Letters to the Editor

PETER BARDSLEY / Mean Variance Preferences and the Heat Equation 199

VOLUME CONTENTS

Vol. 35 No. 3 November 1993

SPECIAL ISSUE ON THE FUR VI CONFERENCE

Editorial Foreword 203

MARIO BUNGE / Realism and Antirealism in Social Science 207

GIULIANELLA COLETTI, ANGELO GILIO, and ROMANO SCOZZAFAVA / Comparative Probability for Conditional Events: A New Look through Coherence 237

SHYAMA V. RAMANI and ALBAN RICHARD / Decision, Irreversibility and Flexibility: The Irreversibility Effect Re-Examined 259

FRANÇOISE FORGES / Five Legitimate Definitions of Correlated Equilibrium in Games with Incomplete Information 277

BARRY SOPHER and GARY GIGLIOTTI / Intransitive Cycles: Rational Choice or Random Error? An Answer Based on Estimation of Error Rates with Experimental Data 311

MARK R. McCORD and OSCAR FRANZESE / Empirical Evidence of Two-Attribute Utility Dependence on Probability 337
